

# **10 - 13 years**

Entrance  
exams and  
choosing your  
next school

- » Finding the right school for your child
- » 11+ and 13+ entrance exams

My son has been attending TutorWorld for 5 months now, and I don't have a single complaint! The tutors and staff are incredibly passionate and professional. We receive constant updates on his progress, which makes us feel involved and part of a team working together to ensure our children's success. Thank you, TutorWorld, for your dedication and support!

## **Finding the right school for your child**

The key to preparing for success at secondary school is identifying the learning and pastoral environment that best suits your child's character and abilities. That means looking beyond the prospectus and taking advantage of as much 'behind the scenes' information as you can.

## **11+ and 13+ entrance exams and interviews**

The 11+ tests English, Maths and verbal and non-verbal reasoning. 13+ covers English, Maths and Science plus further papers chosen from French, Geography, German, Classical Greek, History, Latin, Religious Studies and Spanish. Some schools (Eton for example) have their own additional entrance requirements and pre-tests.

## **Helping you to get the best for your child**

Tutors can help maximise success and we recommend a gentle programme of preparation starting 12 – 18 months ahead of any exams.

Tutor World represents specialist tutors with extensive experience of preparing students for both ISEB exams and school-specific entry.
